My name is Carol Giuliani, and I have over three decades of experience managing the medical care and finances of seniors. I am bonded, insured and practiced law for ten years.

### Tim, about Marilyn, age 75:

*"When we initiated the plan to move my mom from Portland, OR to Chicago, Carol was a logistical powerhouse*

*and support that is unmatched. Her ability to create a smooth, safe and relationship-based service was impressive. My Mom was not ambulatory ... and had other medical conditions that needed managing prior to departure and mid-flight. Carol handled all of these requirements with skill and grace ...*

*I should note that this trip was short notice and arranged within days. Carol provided a detailed itinerary and budget that was concise, upfront and very reasonable to accomplish the objective. I would highly recommend her service."*
